For the tour of Corral Bluffs, meet at **designated time** in the west parking lot of the Loaf N Jug on at **6857 Space Village Ave** and we'll depart from there. Check our website for more information: [www.corralbluffs.org](http://www.corralbluffs.org).

**Take advantage of the Loaf-n-Jug's bathrooms; there are none at the Open Space.**

Generally, if it's precipitating, below 40°, gale-like winds, red-flag warnings or severe weather alerts, the tour will be rescheduled.

**Please be sure you are physically able to complete this hike. We will be walking on uneven, sandy and rocky terrain. Due to lack of established trails this hike is rated as moderate to difficult. Be prepared for a four-mile hike, and during the summer months expect intense heat. Bring 1-2 liters of water per person.**

**Please wear:**

- Comfortable walking shoes with good tread. NO OPEN-TOED SHOES, SANDALS, CROCS OR CANVAS SHOES.
- LONG PANTS to protect your legs. (Gaiters also protect legs) NO EXPOSED ANKLES
- Sunscreen and/or a hat or both
- Dress in layers.
- **IMPORTANT: THOSE WITH BARE LEGS, EXPOSED ANKLES OR INNAPROPRIATE SHOES WILL NOT BE ALLOWED ENTRY DUE TO SAFETY AND INSURANCE REGULATIONS**

**Please bring:**

- **Drinking water, minimum 1 liter per person**
- Bee sting medication, if you're allergic to bee stings
- Snacks or lunch for yourself, if you'd like. There will be a short break
- Binoculars, camera and a walking stick (optional)

**Please drive: a car that can handle a dirt two-track road. Sports cars with low clearance are NOT recommended.**

Allow approximately 4 hours total for the tour, plus the drive to and from Corral Bluffs. The hike is generally 4 miles in length. We'll stop occasionally to rest and talk about what we see. No dogs allowed and no smoking. Like other natural areas in Colorado, there are rattlesnakes, cactus, and uneven ground.

Please let us know if you have any questions or if you're unable to come.
